

Serie di letti con rivestimento sfoderabile disponibili con o senza testata.

LETTO e GIROLETTO

Struttura: legno multistrato e acciaio, puntali in materiale plastico. La struttura è completa di rete a doghe.

Imbottitura: poliuretano espanso indeformabile, fodera fissa in fibra di poliestere e poliammide.

Rivestimento: sfoderabile e disponibile in una selezione di tessuti di collezione.

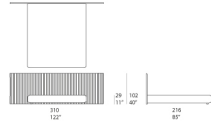

TESTATA

Struttura: acciaio verniciato, puntali in materiale plastico.

Rivestimento: fisso, intrecciato a mano in maglia tubolare Chain imbottita in poliestere (Line e Bend) o realizzato con cinghie elastiche rivestite in maglia Chain e imbottite in poliestere accostate l'una all'altra (Reps).

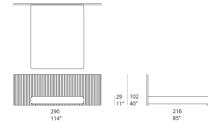

Note: il rivestimento fisso in cinghie elastiche rivestite in maglia Chain è completato da montanti laterali in legno massello finito Mano Opaca.
