

Flip

Su tablero redondo extraíble se convierte en una práctica bandeja. Con base de metal, y tablero de madera chapada. Esta mesa auxiliar puede usarse también sin el tablero de madera.

It removable round tabletop transforms into a practical tray. With a metal base and veneered wood tabletop. This side table can also be used without the wooden top.

Layers

Sistema de mesas fijas con patas metálicas aptas tanto para comedores, cocinas o espacios de trabajo, como para usos auxiliares, como mesa de centro. Disponible en distintas alturas, en numerosas combinaciones y en distintas formas (circular, cuadrado, rectangular y ovalado) que permiten crear modelos personalizados según las necesidades de cada proyecto.

A system of fixed tables with metallic legs, suitable both for dining rooms, kitchens or workspaces and for auxiliary uses as a centre table. Available in different heights, in numerous combinations and in different shapes (circular, square, rectangular and oval) for creating customised models according to each project's needs.

Kerman

Sistema de sofás modulares que se adaptan a distintas instalaciones, tanto si se trata de espacios públicos con gran afluencia de gente, como de espacios privados. Se trata de un modelo muy versátil que permite varias combinaciones entre los módulos, los pufs y los reposabrazos. Además, se puede escoger entre varias telas, tonos, texturas y patrones para adaptar estos asientos a las necesidades de cada proyecto.

A system of modular sofas that adapt to different installations, either in public spaces with a large influx of people or in private spaces. The model is highly versatile and permits several combinations between the modules, the poufs and the armrests. There is also a choice of several fabrics, hues, textures and patterns to adapt these seats to the needs of each project.
